Sunflower seeds from Spain, 250 grams. These seeds are very tasty and healthy. Enjoy them for every occasion. Please Order it early as the stock is fast TXT or Call me in this # 09461386987. Like any food, sunflower seeds contain carbohydrates, proteins and fats. Sunflower seeds are healthy because they consist of half fat, one-fourth protein and one-fifth carbohydrates. 90 percent of the fat is unsaturated fatty acids. Fats, carbohydrates and proteins are joined by vitamins and minerals. Especially the vitamins B1, B2 and B6 as well as the vitamin A are abundant. In addition, magnesium, calcium and carotene help keep sunflower seeds healthy. Why do the ingredients of the sunflower seeds make you healthy? Sunflower seeds are healthy because unsaturated fatty acids do not produce cholesterol. Although the body needs cholesterol, too much bad LDL cholesterol make doctors and scientists responsible for many diseases. These include damage to the musculoskeletal system, inflammation of the intestinal tract and asthma. Sunflower seeds give the body healthy fat. Calcium serves for the undisturbed building of bones and teeth. The human muscle needs magnesium for the movement. And without vitamin B, the synthesis of blood is impossible.

Here are a few Jokes to laugh

The Goldbergs went to pay their respects
to their good friend who had just died.

They filed past the coffin.

"How good he looks," remarked Mrs. Goldberg,
"how relaxed, how tanned, how healthy!"

"And why not?" replied Mr. Goldberg.

"He just spent three weeks in Miami."

A Jewish man went for a walk in the woods.

Suddenly, a 7-foot-tall bear appeared and approached
him along the path. The man was petrified and began
praying fervently for deliverance. The man noticed
that the bear stopped, put on a kippah, and began praying.

As the man approached the bear with an
outstretched hand to greet a fellow Jew, he heard
the bear conclude his prayer with:

"Hamotze lechem min haaretz. Amen"

"Harvey, will you still love me when my hair is grey?"

"I've loved you through blond,
brunette, red and every other color. Why not grey?"

How many rabbis does it take to change a light bulb?

Has not yet been determined. They are still
searching for a Talmudic reference to light bulb.

Blackberry Muffins

Directions:

Yield: 12 Muffins

Ingredients:

400 grams Plain flour; 14 oz
175 grams Caster sugar; 6 oz
1 tablesp. Baking powder
Finely grated zest of 1 orange
1/2 teasp. Salt; 2,5 g
284 ml Carton buttermilk; 10 floz
2 Eggs, beaten
85 grams Butter, melted; 3 oz
250 grams Blackberries; 9 oz

1. Preheat the oven to 200C/400F/Gas 6. Grease a 12-hole muffin tin.
2. In a large bowl, combine the flour, sugar, baking powder, orange zest and salt. In a separate bowl, mix together the buttermilk, eggs and butter.
3. Make a well in the centre of the dry ingredients and pour in the buttermilk mixture. Stir until the ingredients are just combined and the mixture is quite stiff, but be careful not to overmix.
4. Lightly fold in the blackberries, then spoon the mixture into the tins to fill the holes generously.
5. Bake for 15-18 minutes until risen and pale golden on top. Leave to cool in the tin for a few minutes, as the muffins are quite delicate when hot. To turn out, run a palette knife around the edge of the muffins and carefully transfer to a wire rack to cool.

Short Story

Character Analysis & Summary

Peyton Farquhar - First introduced to the reader as "A Man."

"Bierce takes his time describing Farquhar who is to be hanged from a bridge, unfolding clues slowly about Farquhar's identity and status, immediately providing an engaging

"hook" to draw in the reader. Gradually, we learn that he's not a soldier and he's being hanged for crimes against the Union. Later, he is described as a 35 years old civilian, a Southern planter with good looks, lacking the look of a "vulgar assassin."

Union soldiers - The captain, first lieutenant, and sentinels are charged with executing Farquhar on the Owl Creek Bridge. The rest of the company is totally silent, respecting the rules for observing impending death. Farquhar's wife - Though

never appearing in the story, she represents the safety and comfort of home, which Farquhar chose to jeopardize when he attempted to sabotage the Union's advances by burning the bridge. At the end of the story, Farquhar has a vision of reuniting with her, as part of his "white light" virtual escape.

Bierce may also intend to have her represent Heaven or spiritual resilience. Union Scout posing as Confederate - The spy disguised as a

Confederate soldier who informed Farquhar about the Union's plan to advance at the Owl Creek Bridge, and planted the idea that Farquhar burn it down to stop them.

How to Lose Weight Fast: 3 Simple Steps, Based on Science

1. Cut Back on Sugars and Starches

The most important part is to cut back on sugars and starches (carbs).

When you do that, your hunger levels go down and you end up eating much fewer calories (1).

Now instead of burning carbs for energy, your body starts feeding off of stored fat.

Another benefit of cutting carbs is that it lowers insulin levels, causing your kidneys to shed excess sodium and water out

of your body. This reduces bloat and unnecessary water weight:

It is not uncommon to lose up to 10 pounds (sometimes more) in the first week of eating this way, both body fat and water weight. This is a graph from a study comparing low-carb and low-fat diets in overweight or obese women:

2. Eat Protein, Fat and Vegetables

Each one of your meals should include a protein source, a fat source and low-carb vegetables.

Constructing your meals in this way will automatically bring your carb intake into the recommended range of 20–50 grams per day.

Protein Sources

Meat: Beef, chicken, pork, lamb, etc. Fish and Seafood: Salmon, trout, shrimp, etc.

Eggs: Whole eggs with the yolk are best.

The importance of eating plenty of protein cannot be overstated.

This has been shown to boost metabolism by 80 to 100 calories per day

High-protein diets can also reduce cravings and obsessive thoughts about food by 60%, reduce the desire for late-night snacking by half, and make you so full that you automatically eat 441 fewer calories per day — just by adding protein to your diet:

When it comes to losing weight, protein is the king of nutrients. Period.

Low-Carb Vegetables, Broccoli, Cauliflower, Spinach, Tomatoes, Kale, Brussels sprouts, Cabbage, Swiss chard, Lettuce, Cucumber, Full list here.

Don't be afraid to load your plate with these low-carb vegetables.

You can eat massive amounts of them without going over 20–50 net carbs per day.

A diet based mostly on meat and vegetables contains all the fiber, vitamins and minerals you need to be healthy.

Fat Sources, Olive oil, Coconut oil, Avocado oil, Butter Eat 2–3 meals per day. If you find yourself hungry in the afternoon, add a 4th meal.

Don't be afraid of eating fat, as trying to do both low-carb AND low-fat at the same time is a recipe for failure. It will make you feel miserable and abandon the plan.

SUMMARY

Assemble each meal out of a protein source, a fat source and low-carb vegetables.

This will put you in the 20–50 gram carb range and significantly lower your hunger levels.

3. Lift Weights 3 Times Per Week

You don't need to exercise to lose weight on this plan, but it is recommended.

The best option is to go to the gym 3–4 times a week.

Do a warm-up and lift some weights.

If you're new to the gym, ask a trainer for some advice.

By lifting weights, you will burn lots of calories and prevent your metabolism from slowing down, which is a common side effect of losing weight:

Studies on low-carb diets show that you can even gain a bit of muscle while losing significant amounts of body fat:

If lifting weights is not an option for you, then doing some cardio workouts like walking, jogging, running, cycling or swimming will suffice.

SUMMARY

It is best to do some sort of resistance training like weight lifting.

If that is not an option, cardio workouts are also effective.

CROSSWORD

You should Remember these Wisdom Sayings

„A life spent making mistakes is not only more honorable, but more useful than a life spent doing nothing.“

„Anyone who lives within their means suffers from a lack of imagination.“

„Believe that life is worth living and your belief will help create the fact.“

„Don't part with your illusions. When they are gone, you may still exist, but you have ceased to live.“

„Everyone is trying to accomplish something big, not realizing that life is made up of little things.“

„I have found that if you love life, life will love you back.“

„If I can stop one heart from breaking, I shall not live in vain.“

„In the end, it's not the years in your life that count. It's the life in your years.“

„Life biggest tragedy is that we get old too soon and wise too late.“

Love sayings for every Day

I would rather lose everything and have you than to have it all and not you.

The earth needs rain.
The sun needs light.
The sky needs stars.
And I need you!

So many places in the world and still your arms are my favorite spot.

Why am I writing to you?
Because I am thinking of you!
Why do I think of you?
Because I miss you!
Why do I miss you?
Because I love you!

From China to Europe the distance is about 8000 kilometers yet within my heart there is no distance at all when I think of you.

Wherever you go, keep me close to your heart – as I will keep you close to mine.

I choose you.
And I'll choose you over and over and over. Without pause, without a doubt, in a heartbeat. I'll keep choosing you.

To say I love you would be an understatement. You are my life, and without you I can't go on.

I want you. All of you. Your flaws. Your mistakes. Your imperfections. I want you, and only you.
