## Here are a few Jokes to laugh

1. JUDY: 'Do you believe in free speech?'

PUNCH: 'I certainly do.'

JUDY: 'Good, can I use your telephone?'

2. COLIN: 'You remind me of the sea.'

ANN: 'Because I'm so wild, reckless and romantic?'

COLIN: 'No, you make me sick.'

Think of a number between one and fifty.

Double it, subtract sixtyone,

add one subtract the number you started with, close your eyes...

Dark isn't it!

'I've lost my dog.'

'Why don't you put an advertisement in the paper?'

'Don't be silly - he can't read.'

3. Did you hear about the teacher who was crosseyed?

She couldn't control her pupils.

'How do you spell \_#132;Crocodile?'

\_#132;K-r-o-k-o-d-i-a-l.'

'The dictionary spells it \_#132;C-r-o-k-o-d-i-l-e.'

'You didn't ask me how the dictionary spelt it.'

4. TEACHER: 'Name four animals of the cat-family.'

PUPIL: 'Father cat, mother cat and two kittens.'

PUPIL: 'Would you punish a pupil for something she didn't do?'

TEACHER: 'Of course not.'

PUPIL: 'Good, I haven't done my homework.'

TEACHER: 'If I had forty apples in one hand and fifty in the other, what would I have? PUPIL: 'Big hands.'

TEACHER: 'How can you prove the world is round?'

PUPIL: 'I never said it was, miss.'

TEACHER: 'Did your big brother help you with your homework?'

PUPIL: 'No, miss, he did all the work himself.'

# Berlin Pancakes

## Ingredients

250grams Wheat flour  
Type 550, all-purpose  
225grams Milk 30° C  
1 pack Dry yeast  
10grams Malt, optional  
3 Eggs, size M  
60grams Sugar  
60grams Butter, softened  
5 grams Salt  
1/2 vial lemon flavour \*  
1/2 vial vanilla flavour \*

## Directions

Mix together all ingredients for the pre-ferment and let rest for about 30 minutes.

Work up all ingredients for the dough until smooth. Knead the dough until it stops sticking to the walls of the bowl. Let rest for 30 minutes. Cover a board with a cloth and dust the cloth with corn or potato starch.

Divide the dough into pieces of 50 grams, form into balls and set on cloth. Cover dough balls with cloth and plastic and proof until doubled in bulk.

Uncover the risen dough balls and wait until they get a "skin" on top. Heat the oil to 180°C. Place 2 – 3 of the risen dough balls with their bottoms into the oil at a time (more dough rounds placed into the oil at one time would lower the temperature of the oil to much, so stick to 2 – 3 at a time). Fry the Berliners until golden-brown turning them only once while frying them. Remove from the oil and drain on a wire rack. Let oil heat up to ideal temperature, before placing more dough into it again. The finished Berliner should look like a small cannon ball with a white waist line.

Fill the drained, but still warm Berliners with jam using a piping bag with a long nozzle.

Dust with icing sugar.

\* You can also use lemon or orange zest.

# Horoscope Aquarius ( 21.01. - 19.02.)

The Aquarius and its typical character traits

The typical Aquarian is sincere, charismatic, resourceful, inventive, eccentric, progressive, freedom-loving, friendly, sociable, helpful, resourceful, individualistic, engaging, original, positive, principled, reform-minded, creative, socially minded, special, tolerant, independent, unconventional, entertaining, versatile, visionary, unprejudiced, strong-willed and forward-looking.

Weaknesses: aloof, eccentric, extravagant, cool, rebellious, revolutionary, snobbish, stubborn, impatient, aloof, noncommittal, utopian and changeable.

Life motto: I express my individuality! I think!

## Love & partnership

At the beginning of the month, you are set for love from head to toe, and you and your sweetheart are no match. From the second week of December, you suddenly want more freedom - which your partner might understand as a critique of his person. Make him realize that your independence aspirations are not up to him. Then it stays harmonious. Even singles are disturbed by a Venus square. It means: keep your eyes open when choosing your partner. Your counterpart may not be serious about you.

## Occupation & Finance

By the middle of the month, keep a Mercury Square on the go.

Petty colleagues, supercritical supervisors and occasional mishaps require patience - and that is exactly what Aquarius sometimes lacks.

From 12.12. If you are more focused, you stay on the ball even if you put stumbling blocks in your way.

## Health & Fitness

Especially in the run-up to Christmas are constantly on the move, make purchases, do a lot with other people - and forget about it ever own periods of rest. This weakens the immune system and makes you the easy target for cold viruses. Refuel more vitamins and treat yourself to one or the other wellness day.

# Smoking cessation: 8 tips to quit smoking

## 1. The will is everything

Ultimately, the decision to quit smoking is up to you. If you do not make the decision yourself, it will be almost impossible for you to get away from this addiction. Be convinced of this decision. Dispose of all cigarettes from your home, car etc. and quietly ask family and friends to help you with this. If you talk to her family about her intentions, she will certainly support you and at the same time eliminate a stressor.

## 2. discos and the local pub avoid ...

... especially in the first weeks. As a smoker, you also have the habit of smoking in certain places or drinking alcohol. The places where you often use the cigarette pack should be avoided.

Otherwise, one exposes oneself to social pressure and passive smoking. The best way to go in places where there is a ban on smoking or tendenziell less smoking. A shishabar, for example, would be an inappropriate place to stay.

## 3. Sport helps

Through sporting activities, the desire to smoke can be minimized. Sport also distracts you from the withdrawal symptoms, regenerates your lungs and the extra movement helps to keep the desire in the fence. In addition, physical activity is an effective technique for reducing stress.

## 4. Pay attention to the diet

Some wonder how to grow so fast in the weaning phase. Many people tend to indulge in something greasy during smoking cessation. It should be ensured that the occasional snacking is not the next addiction. Keyword: frustration eating. Through sport, the extra pounds can be good abtrainieren.

## 5. Avoid stressful situations during smoking cessation

One reason why many advise not to quit smoking on a Monday: stress.

In stressful situations, you can access the cigarette box more often, so avoid possible stress triggers. Avoid annoying employees or avoid provocation. However, if you get into stressful situations, it is important that you know how to handle them. The right techniques for dealing with stress are enormously relevant.

## 6. Create stress management strategies

Stress balls, regular sports, breathing exercises, relaxing music, sexual activity, yoga ... The list of stress management options is endless. Try several things and decide which stress management method works best for you.

## 7. Create new routines

Many routine situations will trigger the urge for a cigarette. Situations such as drinking coffee, drinking alcohol, sitting in a restaurant, social events with smoking friends, etc. will trigger your desire for a coffin nail. Create new routines to put an end to desire. Instead of a fag after lunch, why not a walk? This is even very digestive. Or instead of going to the smoker's break with your colleagues, do some stretching or reading something.

## 8. Objective

For starters, start with a day without a cigarette. The next day, you will do the same.

And so on. Start small rather than direct, never to smoke again.

How many times have you heard this New Year's resolution from colleagues? Or how many times have you planned this yourself? If you smoke five boxes a day, they will stop listening to you every morning like a Herculean task.

Set the best realistic and actionable goals and then you will succeed in the long term.

CROSSWORD

# You should Remember these Wisdom Sayings

Who wants to find ways, who does not want, who finds reasons.

Removal can separate two bodies, but not two hearts.

Never stop smiling, even when you are very sad  
because you do not know who might fall in love with your smile.

Not daily contact makes a friendship, but the certainty  
that you can rely on each other. No matter when and how.

There is no chance meeting. Every person in our  
lives is either a test, a punishment or a gift ...

The right person is not the one with whom everything is always great,  
but the one without whom everything is stupid.

Being strong does not mean never to fall. Being strong means to get up again.

Always remember that there is only one important time: today. Here. Now.

Happiness is the only thing that doubles when you share it.

Have hopes, but never expectations. Then you may  
experience miracles, but never disappointments.

And suddenly you know: It's time to start  
something new and trust the magic of beginning.

## Love sayings for every Day

Waking up alone is  
like dreaming of the  
emptiness of  
the heart.

Memories of love  
are tattoos  
on the heart ..

Giving up on love  
is like giving up  
on oneself.

The spirit of memory  
is beautiful and  
terrible at the same time.

Losing the love  
is like fire in  
the heart that can only  
be extinguished by tears.

Do not put your heart  
in someone else's  
hands - he could take  
it with you and  
not return.

The music of love stops  
as soon as nobody  
writes the notes anymore.

Lovesickness  
is the darkest  
of all feelings.

In the distance, a ship  
sails into the evening  
glow and you go with  
it into the unknown.
