Angeles City

Angeles City (Tagalog: Lungsod ng Angeles, Kapampangan: Ciudad ning Angeles) is a city on the Philippine island of Luzon. It is located approximately 80 (road) km northwest of the capital Manila on the North Luzon Expressway (NLEX, connection to Manila) and on the Subic-Clark-Tarlac Expressway (SCTEX, connection to Subic Bay in the southwest and Tarlac in the north).

Neighboring communities are Mabalacat in the north, Mexico in the east, San Fernando and Bacolor in the south and Porac in the south and west. Approximately 26 km west of Angeles City is the volcano Pinatubo, about 16 km east-northeast of the long-extinct volcano Mt. Arayat. (Distances and directions refer to the central and well-known district of Balibago.) The district "Marisol Village" has since been renamed "Ninoy Aquino". Metro Angeles is the fourth largest of twelve metropolitan areas in the Philippines with 915,365 inhabitants (2007) on an area of 581.07 km².

History:

In 1796, the mayor of San Fernando, Don Angel Pantaleon de Miranda, together with his wife and some supporters, founded a new settlement, which got the name Kuliat because of the local wine. This settlement was initially a district (barrio) of San Fernando, until 1829 it was renamed and independent in Angeles. The city remained relatively small until the end of World War II, then the population increased sharply. During the Vietnam War, Clark Air Base was the main supply base in Southeast Asia. The US Air Force was still stationed in the city until 1991.

Eruption of Pinatubo and effects:

On June 15, 1991, around 900 people were killed in an eruption of the Pinatubo volcano and a quarter of a million people lost their homes. The US Army then cleared both the base in Angeles City as well as the Subic Bay. The soldiers stationed there left the country.

The Philippine Senate did not extend the 1991 expired leases (military base agreements) with the United States then. The economy of Angeles City was weakened in the long term by the infrastructure destruction and the lack of economic power of the military base.

Current situation:

The former Air Base has been converted into an economic zone; the airfield became the Clark International Airport, which was named after Diosdado Macapagal in the meantime.

Tourism is on the rise again, although both prices and crime rates are very high.

Entertainment district:

In addition to the so-called Jeepneys and countless fast food restaurants, the Americans in Angeles City have left a huge entertainment district especially in the districts of Malabañas and Balibago. On Fields Avenue, gogo bars, pubs, beer gardens and hotels line each other for about 2 km. The biggest boom was in 1992, when Manila's governing mayor closed all bars in the Ermita entertainment district. These partially moved to the 80 miles away Angeles City. The crime is high. It is estimated that more than 30,000 women work in the city's clubs and bars. The former US Air Force Base "Clark Air Base" has been converted into an economy zone. The "Clark International Airport" produced more than 1,500,000 passengers in 2017.

Subic Watershed Forest Reserve:

The Subic Watershed Forest Reserve is located in the northwest of the province of Bataan and in the south of Zambales province on the island of Luzon in the Philippines. It covers an area of 6,261 hectares, from the northwest slopes of Mount Natib to Subic Bay. It originated with the entry into force of Republic Law 7227 in 1992. The reserve is adjacent to the Subic Bay Freeport Zone in the northwest and was part of the United States Naval Base Subic Bay until the departure of the US Navy. In the southeast, the Bataan National Park joins and it belongs to the Zambales biosphere zone. The Subic Watershed Forest Reserve is located in a varied natural setting that includes grass savannahs and evergreen lowland rainforests. The forest areas of the nature reserve and the surrounding areas comprise approximately 9,800 hectares, in which a total of 745 different plant species were found through investigations. In the peripheral areas of the nature reserve there are agricultural areas that alternate with built-up areas.

However, the forests are under serious threat from slash-and-burn and illegal logging. The eruption of Pinatubo in the north in 1991 caused lasting damage to the forests in the national park. The reserve provides habitat for the endemic giant bark rats (*Phloeomys pallidus*) in the Philippines, the gold crown flying fox (*Acerodon jubatus*), the Philippine deer (*Cervus mariannus*) and the Philippine pestle (*Sus philippensis*).

Noteworthy among the avifauna are the Philippine duck (*Anas luzonica*), the Philippine hooded eagle (*Nisaetus philippensis*), the red-crowned cockatoo (*Cacatua haematurropygia*), the Luzon-winged parrot (*Prioniturus luconensis*), the striped bay (*Bubo philippensis*), and the Manila parrot damsel (*Erythrura viridifacies*)

Horoskop Zwilling (21.05. - 21.06.)

Typische Eigenschaften vom Sternzeichen Zwillinge
Die Zwillinge (lateinisch Gemini,

astrologisches Symbol ☊) sind das dritte Zeichen des Tierkreises. Ihr Planet ist der Merkur und ihr Element die Luft. Der typische Zwilling ist anpassungsfähig, betriebsam, beweglich, charmant, flexibel, fröhlich, freundlich, gesellig, heiter, immer unterwegs, intelligent, jugendlich, kommunikativ, kontaktfreudig, kreativ, lebhaft, neugierig, objektiv, offen, sachlich, schnell, tolerant, überzeugend, vielseitig, vorurteilslos, wendig und wissbegierig. Schwächen: beeinflussbar, distanziert, flatterhaft, leichtfertig, nervös, oberflächlich, ruhelos, selbstgefällig, stressanfällig, unehrlich, ungeduldig, unzuverlässig, weitschweifig und zerstreut.
Lebensmotto: Ich denke! Ich weiss! Ich kommuniziere!

Liebe & Partnerschaft

In puncto Liebe könnte der Jahresbeginn kaum schöner sein: Venus und Mars versprechen himmlische Romantik und ungezügelte Leidenschaft. Sie fühlen sich sehr zueinander hingezogen, geniessen jede Sekunde miteinander - und wer die grosse Liebe noch nicht getroffen hat, hat jetzt ausgezeichnete Karten. Zwischen 15. Mai und 8. Juni hängt der Hausseggen öfter mal schief, doch die Versöhnung ist nie weit: Ab 9. Juni wirkt Venus aus Ihrem Zeichen heraus und glättet die Wogen. Auch im Hochsommer macht Venus die Liebe noch mal zu einem einzigen Highlight: Liierte turteln mit ihrem Schatz und Zwillinge-Singles dürfen sich über eine unvergessliche Sommer-Romanze freuen. Schön, aber nicht spektakulär wird der September. Im Oktober kriselt es etwas - doch ab November, und dann bis Jahresende, fühlen Sie sich in Ihrer Beziehung wieder pudelwohl, und selbst die wankelmütigsten Singles sind bereit, sich endlich festzulegen.

Beruf & Finanzen

Reden ist Gold, heisst es im Merkur-Jahr 2019 - und das ist ganz in Ihrem Sinne. Bis März finden Sie in jeder Situation die passenden Worte, in Verhandlungen überzeugen Sie mit Charme, den richtigen Argumenten und Ihrem Durchsetzungsvermögen. Von März bis Ende April ist eine ideale Phase für Weiterbildungen oder einen Stellenwechsel, doch finanziell ist so ein wenig der Wurm drin. Ab 21. Mai stärkt die Sonne Ihr Selbstvertrauen, und Merkur fördert Ihre Kreativität. Sie können Ihre berufliche Position festigen, ein wichtiges Projekt realisieren und ungeklärte Konflikte lösen. Im Hochsommer leidet Ihre Konzentration etwas, die Gefahr, sich zu verzetteln, ist gross. Wie Sie das umgehen? Nehmen Sie sich nicht zu viel vor und legen Sie sich einen Plan zurecht, bevor Sie zur Tat schreiten - das gilt auch für finanzielle Angelegenheiten. Danach läuft es, bis auf kleinere Rückschläge im Oktober, wieder rund.

Gesundheit & Fitness

In der ersten Jahreshälfte sind Sie nicht ganz auf der Höhe: Ab März sorgt ein Uranus-Einfluss für Nervosität und innere Unruhe. Zudem schmeckt unter Jupiters Rückläufigkeit von Mitte April bis Mitte September das Essen besonders gut. Da Sie aber mit genügend Bewegung gegenhalten, setzen die kleinen Naschsünden nicht an. Zudem gibt es noch viele positive Einflüsse, die Ihnen Ihr Gesundheitsjahr versüssen. Im Frühjahr stärkt Sie die Sonnenpower, im Sommer die starke Mars-Kraft. Sie füllen Ihre Energiespeicher wieder auf und stärken Ihre Disziplin, neue Sport- und Ernährungskonzepte können ihre Wirkung wunderbar entfalten. Im November könnte Ihnen ein leichter Herbstblues zu schaffen machen. Den bekämpfen Sie am besten, indem Sie sich mit lieben Menschen umgeben. Tun Sie, was Ihnen guttut und Spass macht - dann kehrt Ihre Zwillinge-typische Leichtigkeit zurück.

Ein gesunder Lebensstil ist wichtig

A healthy lifestyle is important

Ein gesunder Lebensstil ist heute zu Tage gar nicht so einfach.

Lange oder unregelmäßige Arbeitszeiten ermöglichen es nur selten sich ausgewogen zu ernähren.

Da greift man lieber auf Fast Food zurück, als frisch und lecker selbst zu kochen. Dabei spielen Ernährung und Fitness eine wichtige Rolle für das körperliche Wohlergehen.

Schon die Römer wussten: mens sana in corpore sano. Was so viel heißt wie, ein gesunder Geist in einem gesunden Körper. Gesundheit spielt ja schon seit ewigen Zeiten eine wichtige Rolle.

Man wusste also schon früher, wer regelmäßig Sport treibt fühlt sich wohl und bleibt gesund.

Regelmäßiges Ausdauer Training, das gar nicht mal so anstrengend sein muss, ist gut für Herz und Kreislauf. Dabei muss man nicht gleich zum Marathonläufer werden. Doch wie schon gesagt, auch die Ernährung spielt eine wichtige Rolle, wenn es um Gesundheit geht.

Eine gesunde Ernährung beugt ebenso Herz

und Kreislauferkrankungen, Übergewicht und Diabetes vor, wie viel Bewegung und Sport.

Grundsätzlich gilt aber auch hier Ausgewogenheit. Man darf sich durchaus einen Tag zum schlemmen pro Woche gönnen. Genug trinken ist daher genauso

wichtig wie gesund zu essen und Sport zu treiben. Mit einem gesunden Lebensstil wird man sich frischer, weniger schlaff und aufgeweckter fühlen.

Genug Flüssigkeit nehmen aber nur die wenigsten Menschen zu sich.

Als Erwachsener sollte man daher zwischen 1,5 und 3 Liter Flüssigkeit täglich trinken.

Man sollte auch nicht nur wenn man durstig ist trinken. Hält man sich an diese Regeln ist die körperliche Gesundheit leicht zu halten. Das Immunsystem wird verstärkt und man wird nicht mehr so leicht krank.

A healthy lifestyle is not so easy today. Long or irregular working hours rarely allow balanced nutrition. You prefer to go back to fast food, as fresh and delicious to cook yourself. Diet and fitness play an important role in physical well-being. Already the Romans knew: mens sana in corpore sano. Which means, a healthy mind in a healthy body. Health has been playing an important role for ages. So one knew already earlier, who does sports regularly feels well and stays healthy. Regular endurance training, which does not even have to be so exhausting, is good for the heart and circulation.

You do not have to become a marathon runner right away. But as I said before, nutrition also plays an important role when it comes to health. A healthy diet also prevents heart and circulatory diseases, obesity and diabetes, as well as exercise and exercise. Basically, however, there is also a balance.

You can treat yourself to a day to feast per week. Drinking enough is just as important as eating healthy and exercising. A healthy lifestyle will make you feel fresher, less flabby and more alert. However, only very few people consume enough liquid. As an adult, you should therefore drink between 1.5 and 3 liters of fluid daily. You should not drink only when you are thirsty. Following these rules, physical health is easy to maintain. The immune system is strengthened and it is no longer so easy to get sick.

“ This really is a unique business, a potential money making machine. Fully functioning factory, land, and lots of stock and a very very passionate owner. You can not employ this passion. Potential for partnership or similar, or full buy out. Maybe get him to stay and work for you. His Average sale is over \$150K USD, and up to 500K USD.

He has now engaged the best marketing available and this business will explode. Come and get a slice of the action with the most passionate owner you will find. Owner admits he has no business sense, but he has a great passion and unique product and knows how to make it fast, with exceptional ROI. Consider being his financial backer, you supply the cash and business sense, he supplies the product and together make gold.

An ad can not do justice to this business. Come for a chat and coffee and you will see it. Bring your cheque book, you may end up buying it on the spot
